Fund Manager is responsible for the preparation and presentation of these condensed interim financial statements in accordance with IAS 34, 'Interim Financial Reporting'. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements for the period ended 30 September 2023 are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting'.

## 2. Basis of preparation and significant accounting policies

### 2.1 Basis of preparation

The accompanying condensed interim financial statements are prepared in accordance with IAS 34 - "Interim Financial Reporting". These condensed interim financial statements should be read in conjunction with the 2022 annual financial statements of the Fund.

The condensed interim financial statements do not contain all information and disclosures required for full financial statements prepared in accordance with International Financial Reporting Standards. In addition, results for the nine-month period ended 30 September 2023 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2023.

The preparation of the condensed interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. The significant judgments made by management in applying the Fund's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the financial statements for the year ended 31 December 2022.

The Fund has consistently applied the accounting policies as applied in the annual financial statements for the year ended 31 December 2022.

The condensed interim financial statements have been prepared on a historical cost basis, except for financial assets at fair value through profit or loss, which have been measured at fair value.

The condensed interim financial statements have been presented in Qatari Riyals ("QR"), which is the functional and presentational currency of the Fund.
